# ► ALTO MAX

S1/S1P SAFETY FOOTWEAR

- Produced using genuine suede leather and breathable textile materials.
- The steel toe cap and the steel midsole (featured in S1P models) provide protection against impact and penetration.
- It features a dual-density PU/PU sole that is slip-resistant, shock-absorbing, and oil-resistant.

# ► SETRA MAX

S2/S3 SAFETY FOOTWEAR

- It features a water-resistant genuine leather upper and a breathable, moisture-absorbing textile lining.
- Equipped with a steel toe cap (200 J impact resistance); S3 models also include a steel midsole with 1100 N penetration resistance.
- The antistatic PU sole is slip-resistant, shock-absorbing, and oil-resistant, meeting SR, FO, HI, and CI performance standards.

SAFETY FOOTWEAR

# ► VETRA MAX

## POWER AND COMFORT IN EVERY STEP

The VETRA MAX Safety Boot is designed to deliver superior protection under tough conditions. With S2 / S3 features, it offers safe steps thanks to its impact-resistant steel toe cap and slip-resistant sole. Its comfortable insole ensures all-day wearing comfort.

SAFETY FOOTWEAR

# ► RODEX

## STRONG STEPS FOR TOUGH CONDITIONS

RODEX offers lightweight and comfortable use with its breathable and durable textile upper.

This model, featuring S1/S1P standards, provides protection against impacts and punctures with its steel toe cap and steel midsole. Its slip-resistant, shock-absorbing, and oil-resistant PU/PU sole ensures secure steps on challenging surfaces.

# ► ALTO

S1/S1P SAFETY FOOTWEAR

- It features a high-quality genuine suede leather and fabric upper, combined with a breathable, moisture-absorbing textile lining.
- Equipped with a steel toe cap (200 J impact resistance); S1P models also include a steel midsole with 1100 N penetration resistance.
- The directly injected antistatic PU sole is slip-resistant, shock-absorbing, and resistant to oil.

# ► SETRA

S2/S3 SAFETY FOOTWEAR

- It features a water-resistant genuine leather upper and a breathable, moisture-absorbing textile lining.
- Includes a steel toe cap for impact protection; S3 models are additionally equipped with a steel midsole resistant to 1100 N penetration force.
- The antistatic PU sole is slip-resistant, shock-absorbing, and oil-resistant, meeting SR, HI, CI, and FO performance standards.

# VETRA

## S2/S3 SAFETY FOOTWEAR

VETRA offers durability and comfort with its water-resistant genuine leather upper and lining. With S2/S3 performance features, it provides effective protection against impact and penetration through its steel toe cap and steel midsole in S3 models. The slip-resistant, shock-absorbing, and oil-resistant PU sole ensures safe use in demanding work environments.
